AMENDMENTS TO THE SPECIFICATION

Please replace the TITLE with the following amended TITLE:

<u>A Method of Shielding an Electronic Card with a Printed Circuit Electronics Card</u>

Mounted on a Metal Substrate.

AMENDMENTS TO THE CLAIMS

Claims 4, 5 and 7 are pending in this application. Claims 4 and 5 are herein amended.

The listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims

- 1-3. (Canceled)
- 4. (Currently Amended) A method of producing an assembly comprising a printed-circuit electronics card mounted on a metal substrate with a metal screening cover electrically connected to the metal substrate, the method comprising:

forming a gutter on a the metallie substrate by stamping;

mounting a the printed circuit electronics card onto a surface of the metallie substrate adjacent to the gutter;

positioning a the metal screening cover having an edge including a tab so that the tab rests substantially within the gutter; and
